ENBIS Spring Meeting 2022

Thursday, 19 May 2022

Maintenance optimization (14:00 - 15:20)

time	[id] title	presenter
14:00	[21] Maintenance policies for items with their repair processes modelled by the extended Poisson processes	YIN, Jiaqi
14:20	[17] A condition-based maintenance policy in a system with heterogeneities	CASTRO, Inma T.
14:40	[11] Data-driven Maintenance Optimization Using Random Forest Algorithms	MISAII, HASAN
15:00	[15] Reliability degradation and optimal maintenance for information equipment installed on railway cars	Mr LIVNI, Haim
