ENBIS 2021 Spring Meeting

Tuesday, 18 May 2021

Industrial process innovation and monitoring via statistics **(13:00 - 14:00)**

   -**Conveners: Diego Zappa**

time	[id] title	presenter
13:00	[61] Experimental designs and Kriging modelling: the use of strong orthogonal arrays	NIKIFOROVA, Nedka Dechkova
13:20	[68] Statistical learning methods for Predictive Maintenance in plasma etching processes	ZAPPA, Diego
13:40	[60] Non-parametric local capability indices for industrial planar artefacts	BORGONI, Riccardo
