

ENBIS Workshop: Interpretability for Industry 4.0

Monday, 12 July 2021

Pillar 1: Sébastien Da Veiga, Erwan Scornet: “Two approaches of interpretability: simple ML models vs black-box explainability” (09:00 - 10:30)

Pillar 1: Clément Bénard: “Black-box explainability: variable importance in random forests” (11:15 - 11:45)

Pillar 1: Round table chaired by Bertrand Iooss (11:45 - 12:30)
