

Session Program

Sep 6 – 10, 2026

ENBIS-26 Conference

Uncertainty quantification and sensitivity analysis

Centro Didattico Morgagni
Viale Morgagni 40, Firenze

Wed, September 9

9:00 AM

Uncertainty quantification and sensitivity analysis

Session | Location: Conference Room 103 | Convener: Véronique Maume-Deschamps

9:00 – 9:30 AM

Sensitivity analysis for sets: Application to pollutant concentration maps

Speaker

Celine Helbert

9:30 – 10:00 AM

Explicit functional ANOVA and new results in model and algorithm explainability and sensitivity analysis

Speaker

Dr Nicolas Bousquet

10:00 – 10:30 AM

Sensitivity Measures for Continuous Actions

Speaker

Lea Friedli

10:30 AM
