

Session Program

Sep 6 – 10, 2026

ENBIS-26 Conference

frENBIS Session - Advances in machine learning and sensitivity analysis

Centro Didattico Morgagni
Viale Morgagni 40, Firenze

Wed, September 9

12:00 PM

frENBIS Session - Advances in machine learning and sensitivity analysis

Session | Location: Conference Room 106 | Convener: Jean-Michel Poggi

12:00 – 12:30 PM

Geographically Weighted Regression for Low-Cost Sensors Calibration

Speaker

Jean-Michel Poggi

12:30 – 1:00 PM

Quantile oriented sensitivity analysis: why and how?

Speaker

Véronique Maume-Deschamps

1:00 – 1:30 PM

Shapelet learning via sparse feature selection for interpretable time series classification

Speaker

Julien Pelamatti

1:30 PM
